BORN IN HOPKINSVILLE.

Dr. Grant, Former Citizen of This Place, Dead.

Helena, April 7.—Dr. H. M. Grant, one of the oldest and best-known citizens of Phillips county, died last night at 7:30 o'clock at the home of his daughter, Mrs. L. C. Landry, at Clarksdale, Miss. The remains were brought to Helena to-day and interred here, the funeral services being held at the Episcopal church. Dr. C. H. Lockwood, rector of St. John's, officiated.

Dr. Grant was born May 6, 1822, at Hopkinsville, Ky., and graduated from McKendrie college, Lebanon, Ill., and later from the Louisville medical college. He came to Helena in 1850 and began to practice medicine.

At the outbreak of the war he was injured by a horse falling on him, but he served as a surgeon. He was mayor of Helena several terms and was elected to the state senate in 1866 and again in 1880. He was a Royal Arch Mason, and a member of the I. O. O. F. and of the Episcopal church. He leaves a wife, a daughter, Mrs. L. Landry of Clarksdale, Miss., and three nephews, two living here, H. P. Grant and J. H. Grant.

Doctor Hector McNeil Grant has a number of relatives in this county. Geo. Boddie, of Lafayette, and Wm. Fuqua and sister Mrs. Elizabeth Ransom, of Hopkinsville, are his cousins. He was an uncle of W. F. Randle, Mrs. May C. Wilson and Mrs. E. P. Fears of this city.

It is impossible to write a true history of Gen. "Pat Cleburne" without mentioning the name and benefactions of Dr. Grant. Possibly Maj. John W. Breathitt is the only citizen of Hopkinsville who was a school companion of Dr. Grant in their boyhood, under the tutelage of Prof. Rumsey.

Dr. Grant and Gen. U. S. Grant were cousins, though they widely differed in their opinions and sentiments during the war of 61 to 65. Dr. Grant began practicing medicine at Lafayette, Ky., with Dr. John Frazer, about 1847.

In all the relations of life he manifested in the highest degree that great love for humanity which lends a ready hand to "Help your fallen brother rise."

POLLUTED THE WATER,

It is Alleged, and Plaintiff Seeks Damages.

Mrs. S. A. Marquess vs. Pratt Worthington Co., is the style of a suit for damages filed with the Circuit Clerk Thursday. Plaintiff alleges that the defendant unlawfully entered upon plaintiff's land and placed a wooden box and iron pipes in a spring of water, cut sawdust and piled it upon said land and filled up the spring branch for several yards, polluting the water and rendering it unfit for use. Damages in the sum of \$250 is asked. Defendant operates a saw mill in North Christian.

CARTRIDGE EXPLODED

And Miner's Hand Was Badly Injured.

Russell Carroll, a miner in the employ of the Nortonville Coal Company, accidentally shot himself Wednesday night. He was loading a Winchester rifle shell, when it exploded and the cap entered his hand, making a very bad wound. Dr. Lovan, the company's surgeon, performed an operation on the injured member Thursday, and succeeded in removing the cap, which had imbedded itself between the bones of the hand. No serious consequences are feared, unless blood poisoning should set up.

CAPT. WHITLOW DEAD.

Captain Wm. Whitlow, Captain and mate on the big boats of antebellum days, died in New Orleans April 10th. He lived in Louisville for many years and has many relatives there. He was an uncle of Captain Lloyd W. Whitlow and Mate Wm. W. Whitlow.

THE RUSSIAN ADMIRAL IS BRAVE.

Boldly Sailing Northward And is Anxious to Fight.

WHERE'S ADMIRAL TOGO

Rojestvensky's Fleet Consists of 42 Fighting Ships.

Saigon, Indo-China, April 13.—Rojestvensky's hospital ship arrived here last night to take on board provisions, coal and medicine. It will leave tomorrow at midday to rejoin the main squadron.

The Russian fleet was in latitude 8 degrees north, longitude 108 degrees 55 minutes east at noon, April 11. The Peninsular and Oriental steamer, Nubia, which has arrived here, reports having passed no less than forty-two vessels there. They were steering north-northwest at a speed of eight or ten knots.

The position of the fleet was then about 300 miles northeastward of the Natuna Islands, which lie between the Malay Peninsula and the west coast of Borneo and more than 200 miles southeast of Cape St. Jacques. This course indicates that the fleet was not going to Saigon, French Cochinchina.

VLADIVOSTOK GARRISON

May Be Raised to 100,000 Men to Resist Siege.

Tokio, April 14.—It is reported here that the Russians are continually re-enforcing the garrison at Vladivostok, and that the work of strengthening the fortress is progressing constantly. It is said that the plans of the Russians contemplate a garrison numbering 100,000 men, with 500 guns. Many additional batteries, redoubts, barriers and pits are in course of construction and enormous stores of ammunition are being accumulated. The Russians, it is said, hope to so equip the fortress so that it will be capable of withstanding a siege.

ROJESTVENSKY'S

Actions Indicate That He Is Anxious For a Fight.

London, April 13.—British naval men comment on the lack of secrecy regarding Admiral Rojestvensky's movement since his arrival in Far Eastern waters. The fact that his keeping to the main trade route, although knowing his squadron would constantly be sighted and reported by passing vessels, they consider, clearly shows that the Russian Admiral is keenly anxious to meet Admiral Togo and fight it out to a finish.

RUSSIANS HOPEFUL

Rojestvensky Will Clean Up Togo's Fleet.

St. Petersburg, April 14.—The news of the northward movement of Admiral Rojestvensky's squadron and his evident intention to accept battle wherever Admiral Togo chooses to offer it has for the present stilled all activities in the direction of peace and the foreign dispatches relating to the voyage of the squadron are followed with the most intense interest.

A Japanese Spy Shot.

Gunshu Pass, April 14.—Lieutenant Kobasiani, of the Twenty-third Tapanese Dragoons, who was captured disguised as a chinaman, and who confessed he was a spy and was tried by court-martial, was shot today. The Russian outposts have been moved southward and are now half way between Shuannyaotszi and Santoupu.

STROKE OF PARALYSIS

Causes the Death of Mr. John N. Hooser.

Mr. John N. Hooser, a well known citizen of this city, died at his home on South Campbell street Thursday morning at an early hour. Death was the result of a stroke of paralysis, with which he was attacked Feb. 18. Some weeks after being stricken Mr. Hooser showed much improvement and it was hoped by his family and friends that he would entirely recover. He grew much worse about two weeks ago, however, and continued to decline until the end came as above stated.

Deceased was sixty-five years old and a native of Todd county, but moved to Christian county some years ago and had been living in this city for several years.

He is survived by a widow and six children, three sons and three daughters. They are Messrs. J. K., J. E. and Emmett and Misses Sallie, Jennie and Elva Hooser.

Funeral services were held at his late residence yesterday morning, conducted by Rev. W. F. Cashman and Rev. E. L. Southgate, and the interment took place in Hopewell cemetery.

Russians Declare They Have Won a Victory.

St. Petersburg, April 14.—A dispatch from Gunshu Pass dated yesterday says the Russian advance detachment on the Mandarin road pushed forward April 11 and bombarded Machiantzy at midday. The Japanese infantry and cavalry hurriedly vacated the place, leaving their dinners, maps, etc.

RECEIPTS OF LOOSE TOBACCO VERY HEAVY

Hogshead Receipts Also Good During The Past Week.

SALES SATISFACTORY.

Operators of Tobacco Association Prizing Houses Getting Busy.

The inspectors' report shows 275 hogsheads of tobacco received this week, making total receipts for the year, 1595 hogsheads. There were no public sales of the weed in hogsheads, but five hogsheads were disposed of privately. Sales for the year amount to 303 hogsheads.

Since the rain loose receipts have been very heavy, the weed coming in from all directions. Much of the tobacco now being brought in goes to the prizing houses of the Dark Tobacco District Association and is being rapidly prepared for the market.

Loose sales on the floor continue good and prices realized were quite satisfactory. This branch of the tobacco business is now increasing with last week. The sales were made up principally of the commoner grades, very little fine tobacco being offered.
